I just got out of my work out and try to call you

I bet Paul Cali started this. He knew exactly what the bylaws were and what was in your employment agreement. He is the one who told Matt and Barry how to take you down.
You have the right to your donors especially when you quit. I 21:45
would call any donor you've met recently that has donated and tell them what happened so they can demand their money back.
Do you have a non compete or non circumvention employment 21:51
agreement?
Who the hell wrote up the contract for PV. They screwed you over. 21:57
